

		Step 1 Compare your dachshunds back measurement (A) to the below and locate the closest match. Proceed to step 2.	Step 2 Compare their chest measurement to the below. A back length of up to an inch shorter or longer may provide a better fit overall, so consider selecting a size which is closest to both A and B.		Step 3 Once you have selected the closest match, make sure their Neck measurement (C) is within the Neck Range. DoxieDri Dachshund Fleece Jumpers are adjustable at the neck.
